ROADS.

Important Subject Before Mountain People.

As in this part of the country, the roads are in a very bad condition. Many months ago the attention in the letters from county correspondents. If the plan was to be carried out, it would be a very good thing to this place are in. These whose business is to get the roads in better condition, and without reservation that the improvement of the roads is a question of the county and judges announce it, but how is the better made?

In three decades ago when they had a value below par, the roads were in a very bad condition. The question of the roads is a question of the county and judges announce it, but how is the better made?

Attempted To Bribe.

from Frankfort says with offering Deputy United Marshal T. S. Salter to him go free when arrested on charges of Boyd county. The moonshiner, Tom Work, arrested here today. He served a two-months term in the Georgetown jail for manufacturing whisky, and here to take the indictment before the grand jury.

Workman will be given a fine before the Commissioner and the Federal grand jury. There where Judge T. S. Salter tonight hence.

Mr. G. W. Wroten, editor of the Evening Post, has been elected to the position of editor of the Louisville Courier-Journal. He will be succeeded by Mr. J. B. Crutcher.

Mack Stewart Killed By Train.

At Pritchard, W. Va., between 7 and 8 o'clock Sunday morning, the mangled body of a man, who had been crushed to death by the wheels of a train, was found and identified. His form was literally ground to pieces, but bits of the clothing, one whole shoe, and a pocketbook were recognized as belonging to Mack Stewart, a resident of Pritchard, who had been employed by the Armstrong Contracting Co. at their work on the C and O near Seary, W. Va. Stewart had come to Catlettsburg on Saturday, and returned over the C and O. However, in crossing from the Kentucky side to West Virginia, he was not seen by anyone, either in Buchanan, or Pritchard, nor was it learned where he spent the time from 6 o'clock, when the train arrived at Buchanan, until after night.

He must have been killed after night, else his death would have been discovered before morning. His arms and legs were ground up in a mill, and his face and head were so mangled as to be almost unrecognizable. The friends and relatives of the dead man gathered up the remains, sent to Louisville for a coffin, and had conducted a proper funeral and burial, Sunday afternoon. Stewart was 42 years of age, married, and had a wife and four children. He was connected with some of the best families of the Big Sandy Valley, being a nephew of Dr. J. E. Hatten, of Buchanan, a brother of Mrs. Samuel Turman, of Buchanan, and a brother of Joseph Stewart, of Ashland. A very strange feature of the sad event is that David Stewart, a brother of the deceased, was killed four years ago, in exactly the same manner on the Kentucky side, and his body was found on the C and O tracks.

COURT DECISION

Means the Driving of Saloons Out of Kentucky, Asserts Rev. Adams.

Frankfort, Ky., May 4. — Rev. Adams, President of the Anti-Saloon League, gave out the following interview tonight on the local option victory in the Court of Appeals.

"The people of Kentucky are to be congratulated on the decision of the Court of Appeals upholding the Amendment. It is a great victory and is the happy culmination of a 10 years' fight made for it."

"We have faced the most powerful combination of class interests that has ever in this state resisted the will of a long suffering people. They have doubtless spent tens of thousands of dollars to prevent the measure from becoming a law of Kentucky."

"Now that the battle is won, it only remains for the people in their respective counties to press the fight until the entire Commonwealth will be free from saloons, which will not be long. Under this law every locality in the state where saloons are now sold can be carried for prohibition, except three or four large cities."

THE CONTEST.

Vote of the Various Candidates for the Jamestown Trip.

DISTRICT A.	No. Votes.
Miss Kizzie See, W. Va., Ky.	6200
Mrs. Fannie Wade, Louisa	4920
Miss Minnie Stone, Louisa	2525
Miss Janet O'Brien	2525
Miss Emma Carey, Louisa	2495
Mrs. Nancy Preston, Louisa	5
Miss Ida Hulet, Louisa	5
DISTRICT B.	No. Votes.
Miss Berta Cooper, Cherokee	825
Mrs. Mary Queen, Buchanan	329
Miss Lillie Chambers, Eatop	15
Miss Dora Webb, Washburn	5
DISTRICT C.	No. Votes.
Miss Elizabeth Burgess	2405
George Creek	2405
Miss Ethel Swannum, Wilbur	755
Mrs. Julia Allen, Loumansville	105
J. W. Hinkle, Buchanan	105

Above is a correct summary of the candidates and their votes up to Thursday morning of this week. All ballots will be preserved so that any question that might arise may be settled beyond question.

We are trying to arrange to add some very attractive features to the trip. We expect to have the contest party stop over in Richmond, Va., which is a very interesting city, because of the important part played there in the history of this country. Also, on the return trip we hope to arrange to come from Norfolk to Washington City by steamship, stopping en route at Mt. Vernon, the home of George Washington. Washington is the city of greatest interest to every citizen of the United States.

From Norfolk there will be side trips to Virginia Beach and Old Point Comfort, two of the most popular bathing resorts on the Atlantic coast. A dip in the ocean and a view of this great, restless body of water is alone worth the cost of a trip.

Don't you think all of this is worth an effort? If you would like such a trip free of cost, or if you have a friend that you want to have the benefit of this great opportunity, now is the time to enter the contest.

The contest has not yet fairly started through the county, but if there are any other prospective candidates they should enter the race without further delay. Do not put it off too long. This is an opportunity that you can not afford to neglect. It will never come to you again.

Special Delivery.

That the Postoffice Department is making every effort to insure promptness in the delivery of the mails, and at the same time adopt every means possible for the convenience of the public, is again evidenced in the order issued by Postmaster General Meyer, pursuant to an act passed at the last session of Congress, to the effect that after July 1 no special delivery stamps will be necessary on letters to insure their immediate delivery. After the order becomes effective it will be necessary only to put ten cents' worth of stamps of any denomination in addition to the regular postage on a letter, with the words "Special Delivery" written on the envelope, to guarantee its prompt delivery.

Well Known Salesman Sick.

J. M. Rice continues very ill at his home in Catlettsburg, and his condition is such as to occasion his family and friends much anxiety. He is being cared for by his daughter, Mrs. Ida Hobbick, the well-known trained nurse, and it is hoped that under her careful nursing he may be restored to health.

For many years Mr. Rice was a merchant doing business at Whites Creek, W. Va., and later was well known as a traveling salesman up the Sandy Valley.

The first teachers' examination of the season is being held in this city today and will be concluded tomorrow.

A son of John Stump was hurt at Richardson yesterday by a falling timber. He is on the C and O bridge force.

Kentucky Normal College.

After a successful and prosperous term the Kentucky Normal College ended its first Louisa session last Friday. Nearly all the non-resident pupils have returned well satisfied to their homes, many, however, remaining for the teachers' examination now being held here. And the NEWS feels quite sure that pupils of the K. N. C. who apply for certificates will be successful.

It is not necessary to recapitulate the trials, difficulties and obstacles which beset the opening term of the college. They were very many, some of them serious, but determination and hard work, coupled with high and noble purpose, are great factors in a struggle for success, and these essentials brought about victory for Professor Hyington and the school. The attendance was very large, and the signs indicate that it will be very large next year.

Material to be used in the new school buildings is being prepared, and the work of constructing large and suitable quarters for the accommodation of pupils will be pushed as rapidly as possible.

Boat Rides a Raft.

The very unusual spectacle of a steamboat riding a raft of logs down the Ohio river was witnessed by scores of people who happened to be on Front street in Catlettsburg recently.

There was a big timber run in Big Sandy river and thousands of logs have been coming out of that stream. A large fleet of rafts got away from the men in charge of it and swept out of the mouth of the river, catching and carrying before it the steamer Natchez, which was moored near the wharft.

The boat struck the wharft and held fast until the raft was pushed under it by the force of the current, then the whole show started down the Ohio, the boat being almost entirely out of the water, and careened a little to one side. The fleet was caught at a point near the Vansant-Kitchie Mill.

He Can Show Them.

Dr. E. C. Jenks left Wednesday afternoon for Louisville where he goes to attend the meeting of the Kentucky State Dental Association. He is on the programme to hold a clinic in the presence of the assembled tooth carpenters, and his subject is, "How to Take a Correct Bite."

The genial handler of forceps, drills and other nice looking instruments of torture will be a personal demonstration that he has taken a good many correct bites, but the "bite" under consideration is the one taken by the individual who is being measured for a set of movable teeth.

Huntington's third in the recent series of suicides being pulled off there, occurred Sunday evening when John Gallaher took his own life by drinking carbolic acid. Gallaher was in the vicinity of the Chesapeake and Ohio depot when he drank the drug, and had walked but a few yards along Ninth street before he fell to the street overcome by the poison. A physician was hurriedly summoned, but the man was dead before he arrived.

Robert Gault, son of Mrs. Malissa Gault, of Louisa, died in Salt Lick, Bath county, last Friday. His sisters, Mrs. Dora Cook, and Miss Hurdle Gault, left here for his bedside Thursday and his brother Paul left Friday night. Mr. Gault was a bachelor and was about 39 years of age. He was for a long time a hotel clerk in Frankfort and was well known and popular.

L. E. Fitzwater and family, of Charleston, are occupying the Shannon property on North Jefferson st. Mr. Fitzwater is traveling salesman for Noyes, Thomas and Co., Charleston.

Mrs. A. Blinn York, nee Miss Clara Mahan, is critically ill at her home in Washington, D. C. She is the daughter-in-law of John Y. York, of Yorkville.

Mr. and Mrs. M. F. Conley entertained Friday evening. The out of town guests were Mrs. George F. Wroten, of Savannah, Ga., Miss Nell Powell, of Oanacook, Va., and Miss Heloise Thomas, of Cincinnati.

Pikeville, Ky., May 12. — The Yellow Poplar Lumber Company, of Cold Grove, O., has organized a railroad company and procured a charter in Virginia for the building of a line beginning at the mouth of Grassy to Pike county, running up Grassy creek and through the Grassy flats in Dickerson county, Va., a distance of about twelve miles to the Russell's Fork of Big Sandy river. The object is to transport timber from upward of 20,000 acres of land owned by the company in Dickerson county. James Hatcher, of Pikeville, has been employed by the company to superintend the construction and the removal of the timber.

Real Estate Deal.

J. P. Garlin has purchased the Arlington Hotel and the building occupied by J. B. Crutcher. The purchase includes the lot from a line with the outside stairway at Crutcher's store to the corner of Perry and Main streets, and back to the alley which separates this property from P. H. Vaughan's. The transfer was made yesterday by R. A. Biekel, Trustee.

Quarterly Meeting.

The quarterly meeting service at the M. E. Church, South, was held by Presiding Elder Gosling Sunday evening. On account of the sickness of the pastor no services were held Sunday morning. The quarterly conference was held at the parsonage Monday.

It is not a little singular that three persons in different cities and not of kin, but nearly related to Louisa people, should die about the same time. John M. Corns, of Ironton, father-in-law of Mrs. Reba Lackey Corns, died last Thursday; Mr. Fred Wessel, of near Ironton, brother of Mrs. S. J. Justice, died the same day, and Mr. Robert Gault, of Owanacook, brother of Paul Gault, died on Friday.

Last Monday chief police of Matewan, J. H. Maynard, arrested James Ball, of Tahors creek, on a charge of having helped conceal some goods, stolen by his daughter, May Ball, from a hotel at Matewan, where she had been staying. The goods stolen were carried away in a suit case by her father.

Sir Knight W. F. Shipman and wife went to Maysville to attend the Annual Convale of the Kentucky Grand Commandery.

A Kentucky Boy.

MARION HARLAND.

The celebrated authoress, so highly esteemed by the women of America, says on pages 103 and 415 of her popular work, "Eve's Daughters; or, Common Sense for Maid, Wife, and Mother":

"For the nothing back—should it be slow in recovering its normal strength—an Alcock's Plaster is an excellent comforter, combining the sensation of the sustained pressure of a strong warm hand with certain tonic qualities developed in the wearing. It should be kept over the seat of uneasiness for several days—in obstinate cases, for perhaps a fortnight."

"For pain in the back wear an Alcock's Plaster constantly, renewing as it wears off. This is an invaluable support when the weight on the small of the back becomes heavy and the aching incessant."

Obituary.

Blessed are the dead which die in the Lord. At 20 minutes past ten o'clock, April the 12th, 1907, the death angel visited the home of Lysa Kise and took from him his darling wife. She was 20 years, 7 months and 9 days old. She leaves a husband and one babe, only four months old, one sister, two brothers, father and mother and a host of friends.

Lysa, do not weep for Dixie, but get ready to meet her where there will be no more good-byes.

In the death of this precious one the home has lost a sparkling jewel, but has gone to shine with far more radiant splendor on the golden shores of the New Jerusalem which God has prepared for them that love Him.

We will miss her, but our loss is her eternal gain.

She met death bravely and cheerfully, had no regrets. Could truly say with the apostle Paul, I have fought a good fight and am ready to go to meet Jesus my redeemer and my loved ones who have gone on before.

Just a few minutes before she died she called all her relatives and friends to her bedside and asked them to meet her in Heaven and oh! she said everything was so bright, that she was going home to live with Jesus.

Farewell, Dixie! Oh, the parting. Brings to us sad tears and pain. But there is a golden promise That in Heaven we'll meet again.

Home Circle Column.

A Column Dedicated To Tired Mothers as they Join the Home Circle

A good book and a good woman are excellent things for those who know how to appreciate their value. There are men, however, who judge of both from the beauty of their coverings.

The quotation: "You have flowers for me scatter them in my pathway while I live that I may enjoy their beauty and inhale their fragrance," contains a beautiful sentiment, and certain it is that we are apt to forget the living, and keep our affections pent up to be poured out only after death. For those that have gone we can do nothing, but for the living we can do much.

Girls, don't flirt and get acquainted with young men your parents know nothing about. Do not sit in the parlor making worsted dogs and all such trash, while your dear mother goes trotting around the house all day with the help of one girl to do the work of six, and going with a shabby old hat and cloak that you girls may wear silk dresses, etc.

Oh, girls! When those busy hands are folded quietly over that loving heart that has ceased to beat, your hearts will ache and you will think if mother would only come back she would be loved and petted as never before. Now while you have her just try it on; just run up and kiss her and tell her to put on her things and take a walk in the sweet morning air; that you will keep house, and see if she would look up and smile. Try it, girls.

If every child could be properly instructed, intellectually, morally and religiously, a very few generations would suffice to bring about the millennium, and if the foundations of a life-long cheerfulness could be at the same time laid, by affording to all children full opportunities for innocent enjoyment, what a merry millennium it would be. That being out of the question, let us do the best we can. Away with the tribe of humbugs who put children into straight jackets—who would cram them in school and make automata of them out of it. Teach the children winningly. Make knowledge attractive to them, let them frolic unrestrainedly.

THAT BOY.

His name is not Solomon. There are many things that he does not know. Remember that he is only a boy. You was a child once. Call to mind what you thought, and how you felt. Give that boy a chance. Keep near to him in sympathy. He has a chum. Do not make too many cast iron laws. Rule with a velvet hand. Help him have a good "good time." Answer his foolish questions. Be patient with his pranks. Laugh at his jokes. Sweat over his conundrums. Lumber up your dignity with a game of ball or a half day's fishing. You can win his heart utterly. And hold him steady in the path that leads higher up. That boy has a soul, and a destiny reaching high above the mountain peaks. He is worth a million times his weight in gold.

COURTESIES.

Much of the pleasure of social intercourse depends upon a strict observance of the little courtesies and amenities of life. Too many save their sweetest smiles and choicest words and nicest attentions for strangers, while their friends are put off with the most meager crumbs of consideration and politeness.

This is nothing but a miserable piece of acting, and whoever assumes the role is bound to be found out sooner or later. It is in the home that all that is best in life should be. There should be kindness, forbearance, gentle manners and loving forethought. Not to strangers, but to the near and dear ones should the treasures of life be distributed. Then when one goes out into the world he is his own natural self. When he does a noble deed, or gives to others an elevating thought, he but gives expression to a nature enriched by the cultivation of the pure and good and true.

Depend upon it that there is habit in manners as well as in tastes and morals. One cannot be a boor at his own fireside and a gentleman at his neighbor's. One cannot be a tender, charitable, sympathetic woman abroad if she is a snarling, querulous creature in her own home.

KINDNESS UNSPOKEN.

Do you know that the world is full of kindness, that never was spoken, and that is not much better than no kindness at all? The fuel in the stove makes the room warm, but there are piles of falling

We are authorized to announce J. B. Hannah, of Elliott county, as a candidate for Circuit Judge of the 22nd District, subject to the action of the Democratic party. Convention June 22nd.

As To Cand dates.

The Big Sandy News has always maintained a neutral position in local races for Democratic nominations. Our readers may depend upon the fact that we are paid for the publication of every article that has any bearing upon the candidacy of any one, directly or indirectly. All candidates are given the privilege of using the columns on the same terms. The articles are published as advertising and do not carry with them the endorsement of the NEWS.

West Virginia newspapers say that Congressman James A. Hughes has signified his desire to be re-elected as the representative of the Fifth District.

Judge O'Rear incidentally decides in the County Unit case that a constitutional amendment is not necessary to vote whisky out of the State as a unit.

The Supreme Court of the United States has reversed the Kentucky Court of Appeals in a case from Laurel county involving the construction of the "C. O. D." law as applied to express companies in local option districts.

The court declares that whisky from another State may be received in local option districts in this State, and further says: Much as we sympathize with the efforts to put a stop to the sales of intoxicating liquors in defiance of the policy of a State, we are not at liberty to recognize any rule which will nullify or tend to weaken the power vested by the Constitution in Congress over interstate commerce, therefore reverse the judgment of the Kentucky Court of Appeals and remand the case for further proceedings not inconsistent with this opinion."

Where is Your Hair?

In your comb? Why so? Is not the head a much better place for it? Better keep what is left where it belongs! Ayer's Hair Vigor, new improved formula, quickly stops falling hair. There is not a particle of doubt about it. We speak very positively about this, for we know.

Does not change the color of the hair.
Formula with each bottle
Show it to your
doctor
Ask him about it,
then do as he says
Indeed, the one great leading feature of our new Hair Vigor may well be said to be this—it stops falling hair. Then it goes further—it aids nature in the hair and scalp to a healthy condition. Ask for "the new kind."

Winchester Democrat: "A North Main street lady opened two half-gallon jars of blackberries Friday last that had been put up five years ago, and found the contents turned into a fine article of brandy. Perhaps the publication of this true item may stimulate the demand for blackberries in local option towns this summer."

The Louisville correspondent of the Cincinnati Enquirer writes his paper as follows: "The Democrats are hurrying along preparations for opening their State campaign. State Chairman Henry H. Hines H. Hines says that the party will have a large number of able speakers on the stump and that while much resistance will be placed in the oratorical end of the campaign that more reliance will be placed on organization. GREAT VAN AMBURG SHOWS.

Waterproof Tents—Rain Will Not Spoil the Exhibition.

A sudden down-pour of rain or a long continued drizzle will have no effect on the patrons of the great Van Amburg Shows when it exhibits here. The reason of this will be apparent to everyone who sees the huge tents that will be erected here for the performance. They are all constructed of "mercurized" ducking. This marvelous invention for the waterproofing of material has been in use for rain coats, but up to this year has never been used for tents. People who have used "mercurized" cloth know how it sheds water, and it was the knowledge that caused the Van Amburg Shows to have all their tents made out of this material. It is quite a stride in advance of other shows, but it is only in keeping with the progressiveness of the management of these shows. Beneath these tents spectators can sit in comfort and ease during the heaviest of rains and be as dry as if in the finest theater in the country. This is only one of the many novelties that have been added to these shows this season.

It is respectfully suggested that the children attend the afternoon exhibition, where ample time is given to view the large menagerie, likewise avoiding the night crowds. Informed ushers will attend every want of the little folks, and the care and attention paid to ladies and children is the first consideration of the management.

The only big circus that will visit here this year is the Great Van Amburg Shows, and the date is Saturday, May 25th.

The Best Paint.

"United States" ready mixed
paint is equal to the best made. In
fact, it is privately guaranteed to
be by the manufacturers to be iden-
tically the same that they sell
under a well known brand at a
fancy price. By using the brand
"United States" instead of the
brand under which the leading man-
ufacturers have made a big repu-
tation we are allowed to sell the
paint somewhat cheaper. We have
a full line. We also carry the Par-
agon, an excellent paint.

prices. We have balls of all grades,
bats, mits, gloves, masks, ankle sup-
ports, &c. Also, lawn tennis goods
of all kinds. Remember the place—

O. F. for their kindness, and to any

OUR WEST VIRGINIA NEIGHBORS.

John Piles, who was well known to nearly all the residents of Wayne county, died very suddenly at his home near Centerville last Saturday morning about 9 o'clock. Mr. Piles arose early that morning and seemed to be in the best of health. After doing chores about the house he went to the barn to look after the stock. His continued absence caused the family to begin an investigation. Upon entering an out-building the prostrate form of Mr. Piles was found, he having succumbed to heart failure a few hours previous to his discovery.

I will fill my annual appointment at the home of John T. Osborn on Wolf Creek, Wayne county, on Sunday, June 2nd, 1907, at 11 a. m.

!!!!

The corner stone of the Macedonia Baptist church on Prices creek, will be laid on Saturday, June 8th, under the auspices of the Knights of the Golden Eagle. The lodges of this order from Centerville, Lavalette, and Buffalo will attend and participate in the ceremonies. There will also be religious services of a high order and song service that will please the most fastidious. Dinner will be served on the grounds and this means something, too, in that section of the country where the farmers enjoy the best of living and are more than anxious to supply their guests with the best they have. Everybody is invited and is assured of a warm welcome.

!!!!

The Odd Fellows of Wayne lodge celebrated the anniversary of the organization of the order. The lodge, with their guests, the visiting Odd Fellows, attended the Methodist church in a body and listened to an excellent sermon from Rev. E. B. Odell, who is a member of the fraternity. Odd Fellows from Huntington, Central City, Ceredo, and perhaps other towns were there to participate in the ceremonies.

!!!!

The wife of Millard Sansom died at her home on Newcomb Creek Monday and was buried in the family burying ground on Beech Fork.

Miss Gertrude Herald and John Chaffin, of Logan, W. Va., were married in Calletsburg at the Hotel Florence by Rev. Z. Meek. After the ceremony the happy couple departed for Logan where they will soon go to housekeeping.

!!!!

It is reported on good authority that the old line of the N. and W. from Naugatuck to Kenova has been bought by the Deepwater people, and that the N. and W. will begin at once the work of double tracking the new line down the Big Sandy. This will be a great thing for the development of our section, and will put the new railroad giant nearly at our door. The possibilities arising from this move, if true, are almost unbounded.

!!!!

Wednesday afternoon as a freight train was passing Delorme, a negro brakeman on the train, named Walter Penn, drew a pistol and deliberately fired into a crowd of Italians, who were working on the road bed, and who had gotten off the track to let the train pass. One of the men, name unknown, fell, instantly killed. An attempt was made to arrest the negro at Matewan, but he jumped to a freight ahead, and came on down to Williamson, getting off at the yards. The officers are on the trail.

FREE TRIP FOR 3 LADIES

To the Great Jamestown Exposition With all Expenses Paid by The News.

The BIG SANDY NEWS will pay the expenses of the three most popular ladies in Lawrence county on a week's trip to the wonderful Jamestown Exposition. The trip will be made in August, 1907, when the Exposition is well under way, when the weather is good, and when summer vacation is at hand. The three ladies will go with the Editor of THE NEWS and his wife as their especial guests, and their every comfort and enjoyment will be carefully looked after. Remember, their every Expense will be paid by the NEWS—railroad fare, sleeper and dining car fees, hotel bills, admissions to Exposition and concession shows, street car fares, lunch bills etc., etc.—everything from the time they leave Louisa until they return home safe and happy. Everything will be first-class. They will travel in Pullman cars, take their meals in elegant dining cars, and stop at the best hotels. It will be the trip of a lifetime!

Who may go on This Trip.

Every respectable lady in Lawrence county and part of Wayne is eligible to be our guests on this joyous outing, be she married or single. In order that there may be a fair chance for every part of the territory to be represented we have decided to divide it into districts as follows:

How the Selections Will be Made.

The ladies who will go on THE NEWS' free trip are to be chosen by the people. Everybody can vote—old patrons or new ones, rich or poor, young or old. Every dollar paid to THE NEWS on subscription, job printing or new advertising will entitle the payor to cast 100 votes. No payment of less than \$1.00 will be entitled to any votes.

Payments on old subscription at Upper Blaine, Swetnam, Blaine, Georgia. As a special recognition of

new subscribers and advance subscriptions we make this allowance: Any one who pays IN ADVANCE one year's subscription to THE NEWS will be entitled to 125 votes; two years, 250 votes; three years, 400

One Lady from District A:

Embracing three Voting Precincts, viz: Upper and Lower Louisa, and the districts of Wayne county, W. Va., in which Fort Gay is located and which are reached by the Fort Gay Rural Free Delivery.

One Lady from District B:

Embracing Voting Precincts, viz: Bear Creek, Falls of Blaine, East Fork, Dry Fork, Cat and Twin Branch.

One Lady from District C:

Embracing Voting Precincts, viz: Upper Blaine, Swetnam, Georges Creek, Dobbins, Peach Orchard and Rockcastle.

The party elected from each district must live or be employed within its limits. That is the only requirement—and that is done for their own protection. Any person anywhere may vote for any candidate in any part of the county. Candidates may solicit votes anywhere they please. The votes can be mailed to the Contest Editor of THE NEWS, or may be delivered in person at THE NEWS office. The voter may deposit his or her own ballot if preferred.

The Contest will Close August 14th, 1907.

NOW, PLEASE KEEP IN MIND:

That every girl or woman of good character in Lawrence county is eligible to be a candidate.

That a vote cast for a lady nominates her as a candidate in her district—nothing else, to do.

That she will have to compete only with the candidates in her district, but may get votes anywhere.

That the lady receiving the highest vote in her district will go as the representative of that district.

That every Dollar paid to THE NEWS for subscription, job printing and new advertising obtained through the efforts of the candidates themselves is good for 100 votes.

That it is easy to win if you get busy early in the race, and get your friends interested.

That it will be the trip of a lifetime, and you will be the person at guest of the Editor.

The Race is on! Nominate Your Favorite To-Day.

It may be built according to

States.

Our county is situated in about
third part of the Western divi-
the State, and not a pound
material suitable for road build-
ing is to be found in less
than fifty miles.

Many years ago people had
miles and we had a popula-
about 40,000 and a tax agree-
ment of only about six million dol-
lar average assessed valuation
is being \$5.22 per acre.

Many years ago people had
interested in the subject of
roads, and when the win-
the "great mud" came, in
the burden could no longer
be borne.

The roads were impassable,
required two strong mules to
pull a milk wagon with two milk
and all the day was consumed
in a few miles. For more
than a week this condition prevail-
ed, so one attempted to pass over
and roads except of case of
necessity. The farmer was
in and all trade was stopped.

Fortune moment had arrived;
meeting of all the citizens of
county was called and those
could get to it came. All want
a road the only difference
being as to the best
for procuring them and after
discussion which seemed like
a disastrous, some contend-
ed a direct tax and a few roads
war, and others wanting to
build a farmer arose and
said the meeting is follows:

Chairman, I am a plain farm-
er have no business trying to
at this meeting, I am all cov-
ered in mud, there is mud on my
and all over my clothes, and
I am all spattered up, so I
am not coming to this meeting, because my
couldn't travel the roads I
at a little farm and saw that
the popular farmer road, just
over two miles from town, and
climb up a hard road with
back and what lumber I have
I could clear enough in one
day my tax on that road for
years, but I haven't got it.

bought some groceries from Mr.
Fletcher, (turning to a merchant)
this month, yes, \$3.00 worth and I
carried them out on my back, be-
cause my poor horse could not trav-
el the roads, but if I had had a
good road, it would have been \$25.
00, I am sure."

This plain statement brought the
question home. A hearty laugh
went round and a motion prevailed
without opposition to instruct our
representative in the State Legisla-
ture to draft a bill authorizing our
County Court to issue bonds in the
sum of three hundred thousand dol-
lars bearing four per cent. interest
and extending over a period of
thirty years. The bill immediately
became a law. It provided that
the first one hundred and fifty-
thousand dollars should be used in
the construction of roads within a
radius of five miles from the corpo-
rate limits of the city of Jackson, and
the second one hundred and fifty-
thousand in the construction of roads
within a radius of ten miles of the
corporate limits.

"The first issue was sold at" par,
I was chosen as chief engineer to
direct the construction of the roads,
and the work was begun in June,
1903.

Some forty-five miles have
been constructed to date,
and the work is attract-
ing wide attention. All the materi-
al used had to be shipped in by
rail, the greater part coming from
Southern Illinois, a distance of 250
miles. In order that you may un-
derstand something of the nature of
of the construction of the road, I
will describe one in particular, which
is typical of all, and may be ap-
plied to road building in general.

The road has a maximum grade of
14 per cent. on a vertical rise of
11 feet in one hundred. The road
was graded and put on better
ground, and although the grading
was quite heavy the grade was re-
duced to 3 per cent. on a vertical
rise of three feet and a little over
seven inches in each one hundred
feet.

The grading having been complet-
ed and the hills well rolled with the
steam roller it is then prepared for
the first course of stone. Grade
stakes for the gravel are set and a
road machine rounds the dirt to
the center this being followed by a
smaller force of laborers, who dress
the surface accurately to line. The
road is again thoroughly rolled with
the steam roller, until the surface no
longer yields, all the depressions be-
ing filled as they are developed, so
that when the road is ready for
the stone, the foundation on which
it must rest is compressed as solidly
as it is possible to make it. In all
construction, men have learned the
importance of solid foundations, and
if a road is to be able to resist the
wear which must come upon it and
that is what it is built for, the
greatest care must be bestowed in
securing the best possible founda-
tion. The first course of stone, about
four inches, is then applied, and
assuming that screened material
is used, is of a size that will pass
through a three inch ring.

In rolling the stone as well as
the subgrade, it should be remem-
bered that it is best to first roll
the edges, and gradually approach
the center of the road, as by this
means the material is more thor-
oughly compressed and the crown is
retained.

Having completed the rolling of
the first course of stone, a second
layer, two inches thick and of a size
that will pass through a one and
one-half inch ring, is spread on as
evenly as possible, being thoroughly
rolled as before. All unevenness and
depressions are then filled with the
same sized material, when, after roll-
ing smooth, still another course of
fine screenings is added varying in
size from that of a pea to the small-
est particles. It is wet and re-roll-
ed until the whole is thoroughly
compact, wedged, and bound into
one concrete mass, having a thick-
ness of six inches at the center and
four inches at the sides. Only a
sufficient quantity of this fine ma-
terial should be used to insure the
filling of all voids and to properly
bond the top course, a common
error being to apply it unevenly, or
to an excess, causing it to "pick-
out" in holes and wear unevenly.

Care must be taken to see that the
whole is properly ditched and ditched,
as no road can stand, however,
well it may be built, where the
all-important question of drainage is
neglected.

An eminent authority has said
that a good road is one with a tight
road and a dry cellar.

The practice of trying to build a
macadam road without a steam roll-
er is a waste of time and money, as
the very object of building the road
is defeated. The rain water pene-
trates the road everywhere, and it
soon works into ruts and holes un-
der traffic. It is not too much to
say, that the life of a macadam road,
costing from three to four thousand
dollars per mile, may be increased
from two to ten years, by a proper

understanding of correct principles
and the liberal use of a steam roll-
er. The material which Madison
county and the city of Jackson are
making with such pronounced success
and which is considered by the de-
partment of tests of the office of
public road inquiries, as especially
suited for road building, was de-
clared to be a failure by one of
the largest cities in one State, be-
cause they dumped it on a street
which had never been rolled—rolled
it on nearly twelve inches thick, and
rolled it sparingly with a light horse
roller. It was possible to have ob-
tained splendid results with half
the material, had they used proper
skill and rolled it well.

ANOTHER BIG SANDY BOY IN THE WEST.

Troy, Idaho, April 30,
Editor Big Sandy News:—

Seeing some very interesting letters
in the News from Big Sandy I like
I believe I will give my short ex-
perience in the West. I started
from Hubbardstown February 7, ar-
rived here February 12. Found 4
ft. of snow on the ground, but
glad to say there is scarcely any of
it left at present. Still it is snow-
ing today, but it is melting as fast
as it falls and people say it is
very uncommon for snow at this
date.

Turning is all the go in this part
of the country at present. On ac-
count of the backward spring the
farmers are all in a haste.

Wheat, oats, hay and spuds, (po-
tatoes) are the principal crops with
trails of many varieties in abun-
dances.

Vacant land is quite an object here
much scarcer than I expected to
find it. Still I have been fortunate
in securing a homestead.

Will give you a faint description
of it. It lies sixty miles from Lew-
iston, on the Clear Water river, in
the bluffs of the Bluff Root moun-
tains. I am located on top of
the mountain where the land is al-
most level and the timber is just
simply fine and have good outlet
for saw logs and ties via the Clear
Water, which is one and a half
miles "straight down" from my
claim.

The Clear Water is much swifter
than Big Sandy, just a "shoot"
from head to mouth, and as clear
as a crystal. It sure has the
proper name.

It only requires six hours to
run a raft from my claim to Lew-
iston, a distance of sixty miles, pro-
viding you don't have a tearing,
which is often the case. How is
that for running Big Sandy?

Well, I will quit the river busi-
ness and take up the game sub-
ject, which will probably be interest-
ing to some of the West Virginia rab-
bit hunters, but would be still more
interesting if they would come out
this fall and take a deer hunt. The
woods are full of deer, bear, elk,
cougar, Panther, martin and lots
other smaller game, too numerous
to mention. The cougar is very shy
and it requires a person of skill and
practice in the hunting line to get
sight of one, and I am not that
far advanced yet, so I just have to
look at the tracks and say, "there
has been one here some time or
other."

Will leave the woods and go down
in the financial field and tell you
what I know on that subject.

Probably I will discourage some one
that is contemplating a trip to the
West, but I hope not, for I am
not sorry of my trip in the least.
Still, this country as highly as it
is praised up, is no better in my
estimation than the Big Sandy Valley
for a poor man of my calibre. I
will admit that wages are lots bet-
ter here than back East and that is
why some people take the Western
fever, myself for one, but when they
come to pay \$4.00 for a pair of
cotton pants, \$1.25, for common over-
alls, 25c for cotton socks, 30 cts.
per gallon for kerosene, 80 cts. per
gallon for Honey Drip Syrup, and
other things accordingly, they sud-
denly take a "chill" and begin to
talk of old Big Sandy and his cheap
living and just as good as Idaho.

So my best wishes are extended
to Big Sandy. Bob Buskirk.

What Would You Do

If three good physicians should pronounce your case hopeless. If they should decide that you could not live longer than six weeks. And if you should get well, after using only \$12.00 worth of Dr. Miles' Heart Cure and Nervine, what would you advise a friend in like condition to do?

"I have to thank you for saving my wife's life two years ago. We had continued with the doctor until the third doctor, like the two previous ones, said that nothing could be done for her; that she had better be taken home from the hospital to quietly wait her time, which would not be over 6 weeks at the most. I brought her home, and then I thought probably Dr. Miles' Heart Cure and Nervine might help her, so I got a bottle of each and some Nerve and Liver Pills and commenced to give them to her. We soon seen an improvement, and encouraged by this we continued giving the medicine. We gave her eleven bottles in all of the medicine. She takes it occasionally now if she feels the need. I am in the ministry, and have been for 44 years."

Looking up they saw a large bird flying along, with a belt attached to its neck. The bird was 200 or 300 feet in the air, and the belt could be easily seen. Some years ago a man of the belted buzzard neighborhood caught a buzzard and fastened a belt to its neck, and this may have been the same bird. The belted buzzard has been seen in many States and as far south west as Texas, but of course there may be more than one—both County World.

The wounded man died and as soon as it was known that his wound had proved fatal the negroes began to assemble until a mob of about 100 gathered and at once marched into Carlsby. Sheriff Charles Donald found on the approaching mob, and gathering a number of deputies heavily armed and placing his men in a line, barricaded the jail and awaited the mob, to which he was ready to give a warm reception.
